h.o. To retell the Christmas story
as a wise man

I was sitting down then I saw
a huge star in the sky it was
twinkling so brightly that I could
not see I called my two friends
to see the beautiful star. We
thought that it meant there was
a baby king that's been born. So
we had to travel a long way.
We had to travel a long way but we
did sleep when our legs are aching and
when it is night. Well we did travel in
the night but not too much. At last
we arrived at Bethlehem we found
a castle and... There was a king
baby, just a king an angry king that
shouted "What do you want?" I said
"Is there a baby here because he's a
going to be king?" The king shouted "a
king, tell me where he is then kill him"
